FICOX

POWER AND INFRASTRUCTURE FIRM

Engineering Excellence | Sustainable Infrastructure | Integrated Safety

PIONEERING INDIA'S 1ST INTEGRATED MULTI-DISCIPLINARY

SINGLE-WINDOW AUDIT & PROJECT SYSTEM

(ELECTRICAL | SAFETY | ENERGY | ENVIRONMENTAL | VEDIC SPATIAL | INFRASTRUCTURE)

INDIA'S 1ST 7-IN-1 INTEGRATED AUDIT SYSTEM

LEAD CONSULTANT & CHIEF AUDITOR

Dr. Chandan Kumar Sah

Ph.D. (EEE)

- Principal Multi-Disciplinary Power & Infrastructure Specialist
- Chief Multi-Disciplinary Systems Auditor
- Registered Professional Engineer (ECI, Bharat)
- Strategic Advisor for Sustainable & Compliant Infrastructure

"Powering the Future Through Engineering Excellence, Safety, Sustainability & Scientific Spatial Planning."

ONE TEAM ALL SOLUTIONS | ZERO COMPLIANCE GAP | SAVE TIME & COST | MAXIMIZE EFFICIENCY | SUSTAINABLE FUTURE | VEDIC SPATIAL HARMONY

www.ficox.in

ABOUT US & LEADERSHIP PROFILE

FICOX
POWER AND INFRASTRUCTURE FIRM

Engineering Excellence | Sustainable Infrastructure | Integrated Safety

ABOUT THE FIRM

Ficox Power and Infrastructure Firm is a premier consulting, auditing, and project management establishment dedicated to providing high-level technical, environmental, and spatial solutions. Our firm bridges the gap between complex engineering infrastructure, legal compliance, and sustainable design.

OUR MISSION
Deliver integrated, innovative and sustainable solutions.

OUR VISION
To be India's most trusted multi-disciplinary infrastructure partner.

OUR VALUES
Integrity, Innovation, Excellence, Safety, Sustainability.

OUR COMMITMENT
Zero compromise on quality, compliance and safety.

Dr. Chandan Kumar Sah
Ph.D. (EEE) | M.E. (Power Systems)
Multi-M-Sc. | B.Sc. (Interior Design)
Multi-PG Diploma
Registered Professional Engineer (ECI, Bharat)

LEADERSHIP & ACADEMIC CREDENTIALS

With an extraordinary academic foundation spanning Doctorate, Master's, Bachelor's degrees, and Specialized Post Graduate Diplomas, Dr. Sah brings unmatched interdisciplinary authority across engineering, environmental law, spatial design, and safety compliance.

DOCTORATE (Ph.D.)
Electrical & Electronics Engineering (EEE)

MASTER OF ENGINEERING (M.E.)
Power System Engineering

MASTER OF SCIENCE (M.Sc.) DEGREES
- M.Sc. – Green Building & Sustainable Infrastructure
- M.Sc. – Vastu Science & Vedic Architecture

BACHELOR OF SCIENCE (B.Sc.)
Interior Design

POST GRADUATE (PG) DIPLOMAS
1. PG Diploma in Electrical Safety & Safety Management
2. PG Diploma in Electrical Energy Management & Energy Audit
3. PG Diploma in Fire Safety & Management
4. PG Diploma in Industrial Safety & Management
5. PG Diploma in Urban Environmental Management & Law / Environmental Studies (PGDUEML)

PROFESSIONAL REGISTRATION
Registered Professional Engineer (ECI, Bharat)

WHY CHOOSE OUR SINGLE-WINDOW SYSTEM?

INDIA'S 1ST 7-IN-1 SINGLE WINDOW AUDIT
One comprehensive team for all technical, legal, and environmental audits.

ZERO COMPLIANCE GAP
Complete alignment with industrial, electrical, environmental and safety regulations.

COST & TIME EFFICIENT
Reduces administrative overhead and vendor management costs by up to 60%.

RESEARCH-BACKED EXPERTISE
Led by Ph.D.-level academic rigor and ECI-registered engineering standards.

ONE TEAM – ALL SOLUTIONS
One contact. One report. One responsibility. Total peace of mind.

OUR ACCREDITATIONS & COMPLIANCE EXPERTISE

IS CODES | IEC STANDARDS | BUREAU OF ENERGY EFFICIENCY | BIS COMPLIANT | ISO STANDARDS | NATIONAL BUILDING CODE | FIRE NOC EXPERTISE | ENVIRONMENTAL LEGAL COMPLIANCE

"Integrated Expertise. Unified Solutions. Sustainable Future."

WHY FICOX?

INDIA'S 1ST 7-IN-1 SINGLE WINDOW AUDIT & PROJECT MANAGEMENT SYSTEM

FICOX
POWER AND INFRASTRUCTURE FIRM

Engineering Excellence | Sustainable Infrastructure | Integrated Safety

ONE TEAM. ONE REPORT. COMPLETE COMPLIANCE.

Ficox Power and Infrastructure Firm is proud to be India's 1st firm to provide 7 Integrated Audits under One Roof. We eliminate the need for multiple vendors, multiple reports and multiple visits.

KEY ADVANTAGES FOR OUR CLIENTS

COMPLETE REGULATORY COMPLIANCE
Alignment with all national & international standards and statutory requirements.

TIME & COST EFFICIENCY
Save up to 60% on time, coordination and vendor management costs.

ZERO COMPLIANCE GAP
Comprehensive, interconnected auditing ensures no risk or non-compliance remains.

RESEARCH-BACKED EXPERTISE
Led by Ph.D.-level academic rigor and ECI-registered engineering standards.

ONE TEAM – ALL SOLUTIONS
One contact. One report. One responsibility. Total peace of mind.

SINGLE-WINDOW INTEGRATED AUDIT PORTFOLIO (7-IN-1)

01 ELECTRICAL SAFETY & MANAGEMENT AUDIT

- Power quality analysis,
- Insulation testing
- Thermal imaging
- Load assessment
- Hazard identification & risk prevention

02 ELECTRICAL ENERGY AUDIT

- Energy consumption assessment
- Power factor optimization
- Energy efficiency improvement
- Cost reduction strategies

03 FIRE SAFETY & MANAGEMENT AUDIT

- Fire detection & alarm system audit
- Fire suppression system evaluation
- Emergency evacuation planning
- Statutory compliance

04 INDUSTRIAL SAFETY & MANAGEMENT AUDIT

- Occupational hazard risk assessment
- Machine safety evaluation
- Workplace safety protocols
- Safety training & awareness review

05 ENVIRONMENTAL MANAGEMENT AUDIT

- Waste management evaluation
- Resource efficiency assessment
- Sustainability & eco-friendly operations

06 POLLUTION CONTROL & LEGAL COMPLIANCE AUDIT

- Air & water emission assessment
- Regulatory documentation
- Environmental law advisory
- Pollution control system evaluation

07 VASTU SCIENCE & VEDIC SPATIAL PLANNING AUDIT

- Scientific analysis of industrial/commercial spaces
- Vastu alignment for spatial harmony
- Productivity & well-being enhancement

OUR PROVEN WORKING PROCESS

1. INITIAL ASSESSMENT
Site visit, data collection & requirement understanding

2. DETAILED ANALYSIS
Multi-disciplinary audit & technical evaluation

3. REPORT GENERATION
Comprehensive report with observations & recommendations

4. REVIEW & DISCUSSION
Report discussion with client & stakeholders

5. SOLUTION & IMPLEMENTATION PLAN
Action plan, cost optimization & compliance roadmap

6. FOLLOW-UP & SUPPORT
Continuous support until complete compliance

WE ENSURE

- Safety
- Compliance
- Efficiency
- Sustainability
- Prosperity

"One Roof. Seven Audits. Complete Peace of Mind."

Ficox – Your Partner in Safe, Compliant & Sustainable Infrastructure.

OUR CORE SERVICES & 7-IN-1 INTEGRATED AUDIT PORTFOLIO

One Team | One Report | Complete Compliance | Total Peace of Mind

FICOX
POWER AND INFRASTRUCTURE FIRM

Engineering Excellence | Sustainable Infrastructure | Integrated Safety

1. CORE CONSULTING & DESIGN SERVICES

ELECTRICAL ARCHITECTURE & SAFETY

- Power System Design & Analysis
- HT/LT System & Load Management
- Electrical Safety Audits
- Earthing, Lightning & Protection
- Power Quality & Reliability Solutions

SUSTAINABLE INFRASTRUCTURE

- Agri-PV & Solar Infrastructure
- E-Mobility & EV Charging Solutions
- Green Building Consulting (IGBC/LEED)
- Energy Efficiency & Optimization
- Smart & Sustainable Infrastructure

SPATIAL DESIGN & VEDIC SCIENCE

- Vastu Science & Vedic Spatial Audit
- Vedic Architecture & Planning
- Interior Design & Space Optimization
- Positive Energy Flow Enhancement
- Wellness-Oriented Space Planning

ENVIRONMENTAL COMPLIANCE

- Environmental Management System
- ESG Advisory & Sustainability Reporting
- Resource Efficiency Assessment
- Environmental Impact Assessment
- Green & Circular Economy Solutions

2. SINGLE-WINDOW INTEGRATED AUDIT PORTFOLIO (7-IN-1)

01 ELECTRICAL SAFETY & MANAGEMENT AUDIT

Power quality analysis, insulation testing, thermal imaging, load assessment & hazard prevention.

WE ENSURE:

- Electrical safety compliance as per IS & IEC standards
- Risk-free operations & accident prevention
- Reliable & uninterrupted power systems

02 ELECTRICAL ENERGY AUDIT

Energy efficiency assessment, power factor optimization & cost-reduction strategies.

WE ENSURE:

- Lower energy consumption & operational cost
- Improved power factor & system efficiency
- Maximum energy savings & ROI

03 FIRE SAFETY & MANAGEMENT AUDIT

Fire detection, suppression system evaluation, emergency evacuation planning & statutory compliance.

WE ENSURE:

- Compliance with NBC, NFPA & Fire Act
- Effective fire protection & life safety
- Emergency preparedness & risk mitigation

04 INDUSTRIAL SAFETY & MANAGEMENT AUDIT

Occupational hazard risk assessment, machine safety protocols & workplace safety compliance.

WE ENSURE:

- Safe working environment & risk reduction
- Compliance with Factories Act & OSHA standards
- Health, safety & productivity improvement

05 ENVIRONMENTAL MANAGEMENT AUDIT

Waste management, resource efficiency & eco-friendly operational frameworks.

WE ENSURE:

- Sustainable resource utilization
- Waste minimization & eco-friendly operations
- Environmental performance improvement

06 POLLUTION CONTROL & LEGAL COMPLIANCE AUDIT

Air/water emissions assessment, regulatory documentation & environmental law advisory.

WE ENSURE:

- Compliance with CPCB/SPCB & environmental laws
- Pollution monitoring & control solutions
- Legal documentation & risk protection

07 VASTU SCIENCE & VEDIC SPATIAL PLANNING AUDIT

Scientific alignment of industrial/commercial spaces using Vedic architectural principles.

WE ENSURE:

- Positive energy flow & balance
- Spatial harmony for productivity & prosperity
- Vastu-compliant, stress-free environments

ADDITIONAL VALUE ADDED SERVICES

PROJECT MANAGEMENT CONSULTANCY (PMC)
End-to-End Project Execution Support

STATUTORY APPROVAL & LIAISON SUPPORT
Fast-track Clearances & Approvals

RISK ASSESSMENT & MITIGATION
Identify | Evaluate | Mitigate Operational Risks

TRAINING & CAPACITY BUILDING
Safety, Energy & Compliance Training Programs

DIGITAL & SMART INFRASTRUCTURE
IoT, Automation & Smart Monitoring

ESG & SUSTAINABILITY ADVISORY
ESG Reporting, Carbon Footprint & Net Zero

ONE TEAM. ONE REPORT. SEVEN AUDITS. COMPLETE PEACE OF MIND.

Ficox Power and Infrastructure Firm – Your Trusted Partner for Safe, Compliant & Sustainable Infrastructure.

COMPLETE COMPLIANCE GUARANTEED

INDUSTRIES WE SERVE & PROJECT MANAGEMENT EXCELLENCE

Delivering Integrated, Safe, Compliant & Sustainable Solutions Across Diverse Sectors

FICOX
POWER AND INFRASTRUCTURE FIRM

Engineering Excellence | Sustainable Infrastructure | Integrated Safety

WE PROVIDE SPECIALIZED CONSULTING, AUDITS & PROJECT MANAGEMENT

tailored to the unique needs of every industry.

INDUSTRIAL MANUFACTURING PLANTS & FACTORIES

- Electrical & Energy Audits
- Fire & Industrial Safety Audits
- Environmental & Pollution Control Compliance
- Vastu & Spatial Planning

COMMERCIAL COMPLEXES, MALLS & HIGH-RISE BUILDINGS

- Electrical Safety & Load Management
- Fire Safety & Life Safety Systems
- Green Building & Energy Efficiency
- Vastu Audit for Commercial Spaces

HOSPITALS & HEALTHCARE FACILITIES

- Critical Electrical System Audit
- Fire Safety & Emergency Planning
- Biomedical Area Compliance
- Indoor Environment Quality

EDUCATIONAL INSTITUTIONS & UNIVERSITIES

- Electrical & Energy Audit
- Fire & Campus Safety Audit
- Environmental Management
- Vedic Spatial Planning for Learning Spaces

SOLAR INFRASTRUCTURE, AGRI-PV & EV CHARGING HUBS

- Solar Power System Design & Audit
- Agri-PV Solutions & Optimization
- EV Charging Infrastructure Design
- Energy Storage & Management

GOVERNMENT INSTITUTIONS & INFRASTRUCTURE PROJECTS

- Technical Due Diligence
- Statutory Compliance & Approvals
- Safety, Environmental & Energy Audits
- Project Monitoring & Quality Assurance

YOUR TRUSTED PARTNER FOR SAFE, SUSTAINABLE & COMPLIANT INFRASTRUCTURE

- SAFETY FIRST
- 100% STATUTORY COMPLIANCE
- SUSTAINABLE SOLUTIONS
- COST & ENERGY OPTIMIZATION
- ON-TIME DELIVERY
- QUALITY ASSURANCE
- EXPERT TEAM
- COMPLETE PEACE OF MIND

PROJECT MANAGEMENT CONSULTANCY (PMC)

01 PROJECT PLANNING & FEASIBILITY
Site study, requirement analysis, feasibility report & budgeting.

02 DESIGN & ENGINEERING INTEGRATION
Multi-disciplinary design review, code compliance & value engineering.

03 PROCUREMENT ASSISTANCE
Vendor evaluation, BOQ preparation, tendering & cost optimization.

04 CONSTRUCTION SUPERVISION
Site supervision, quality control, safety monitoring & progress tracking.

05 COMMISSIONING & HANDOVER
Testing, final inspection, documentation & smooth project handover.

END-TO-END PMC SERVICES ENSURING TRANSPARENCY, QUALITY & SUCCESS FROM START TO FINISH.

WE FOLLOW NATIONAL & INTERNATIONAL CODES & STANDARDS

- IS CODES
- IEC STANDARDS
- NATIONAL BUILDING CODE
- BUREAU OF ENERGY EFFICIENCY
- BIS COMPLIANT
- NFPA STANDARDS
- ISO STANDARDS
- CPCB GUIDELINES
- OSHA STANDARDS
- LEED GUIDELINES

WHY CLIENTS TRUST FICOX

- Ph.D. led multi-disciplinary expertise
- Single-window solution for all technical & statutory requirements
- Reduced risk, cost & operational downtime
- Faster approvals & smooth regulatory compliance
- Sustainable, future-ready & energy efficient infrastructure
- Scientific integration of Vedic spatial principles for well-being & productivity

ONE TEAM. ONE REPORT. SEVEN AUDITS. COMPLETE PEACE OF MIND.

Ficox Power and Infrastructure Firm – Powering a Safer, Smarter & Sustainable Tomorrow.

SHARED VALUE & PROJECT ADVANTAGES

BRIDGING DISCIPLINE GAPS FOR PERFECT EXECUTION

Complex modern projects require specialized multidisciplinary inputs. Rather than replacing existing teams, Ficox acts as a value-adding technical partner that strengthens the entire project ecosystem.

HOW WE ADD VALUE TO CLIENTS & DESIGN TEAMS

COMMON INDUSTRY CHALLENGES	THE FICOX COLLABORATIVE SOLUTION
Inter-Disciplinary Overlap: Complex integration between electrical networks, safety codes, and spatial architecture.	**Interdisciplinary Synergy:** We support Architects and Civil Engineers by managing complex compliance, safety, and power calculations.
Post-Design Compliance Changes: Statutory compliance issues discovered late in the construction process.	**Early Advisory Integration:** Joint review with design teams to ensure 100% statutory compliance before construction begins.
Complex Engineering Queries: Highly specialized power, energy, or environmental requirements needing extra domain research.	**Global Knowledge Support:** Access to our specialized national and international expert network to resolve niche technical challenges.
Project Coordination Stress: Client stress from managing multiple technical domain details independently.	**Unified Engineering Support:** A single technical anchor that simplifies multi-team coordination and builds confidence for everyone.

> **"Stronger Partnerships, Superior Execution, Shared Success."**

Our collaborative model honors and elevates the work of Architects and Civil Engineers. By uniting creative architectural vision with rigorous power, safety, and environmental auditing, we help deliver sustainable, high-performance infrastructure that stands out for its perfection, speed, and statutory compliance.

TEAMWORK DRIVEN
We respect your team and work together for a common goal.

EFFICIENCY FOCUSED
Smarter processes, faster approvals, better outcomes.

COMPLIANCE ASSURED
Integrated compliance at every stage for total peace of mind.

SUSTAINABLE SOLUTIONS
Environmental and spatial harmony for long-term value.

EXCELLENCE DELIVERED
Higher quality, on-time delivery, lasting impact.

"TOGETHER WE DESIGN BETTER. TOGETHER WE BUILD THE FUTURE."

CHIEF PROJECT HEAD / TECHNICAL DIRECTION SERVICES

WHY APPOINT DR. CHANDAN KUMAR SAH AS YOUR OVERALL PROJECT HEAD?

Single-Point Technical Command | Total Peace of Mind | Unmatched Financial & Execution Efficiency

When a multi-disciplinary authority leads your infrastructure project from inception to handover, complex challenges disappear before they arise. As your Principal Project Head & Technical Director, Dr. Sah brings a unified scientific command that guarantees **absolute perfection across all phases.**

Dr. Chandan Kumar Sah, Ph.D. (EEE)
Principal Multi-Disciplinary Power & Infrastructure Specialist
Chief Multi-Disciplinary Systems Auditor
Registered Professional Engineer (ECI, Bharat)

DIRECT MULTIPLE BENEFITS FOR THE CLIENT

1. **Single Point of Responsibility & Zero Blame-Game**
   One single accountable lead. All teams report to a unified technical command, eliminating conflicts, delay tactics, and vendor stress.

2. **Massive Cost Savings (Up to 15% - 25% Budget Optimization)**
   Pre-verified designs with Zero Design Clashes prevent re-works, material wastage, and inflated contractor bills.

3. **Uncompromised Quality & "Zero-Error" Execution**
   Every square foot strictly adheres to national and international engineering standards.

4. **100% Seamless Regulatory & Legal Approvals**
   All regulatory compliance norms integrated from Day 1. Clearances are fast-tracked without legal hurdles.

5. **Vedic Spatial Harmony & Green Efficiency Integration**
   Energy-efficient, low operational cost spaces scientifically aligned with natural spatial energy principles.

6. **Fast-Track Project Completion (On-Time Delivery)**
   Immediate decision-making, on-spot issue resolution, and accelerated delivery up to 30% to 40% faster.

LEADERSHIP THAT DELIVERS COMPLETE PROJECT EXCELLENCE

- Ph.D. (EEE) – Research Driven Technical Leadership
- M.E. (Power Systems) – Expertise in Advanced Power Infrastructure
- Multi-M.Sc. – Green Buildings, Vastu Science & Sustainable Infrastructure
- 5 PG Diplomas – Electrical, Fire, Industrial Safety, Energy, & Environmental Law
- Registered Professional Engineer (ECI, Bharat) – Legal & Technical Authority
- One Expert. One Command. Complete Peace of Mind.

SUMMARY FOR THE CLIENT:

"From Blueprint to Commissioning — Your Vision, Our Expert Technical Command."

Appointing Dr. Chandan Kumar Sah as your Project Head means you don't just hire a manager; you gain a Chief Technical Anchor who protects your money, guarantees structural safety, ensures complete statutory compliance, and delivers a world-class, error-free facility on time.

ONE VISION | ONE LEAD | ONE STANDARD | ONE SUCCESS

STRONG LEADERSHIP. SMARTER PROJECTS.
SUSTAINABLE FUTURE.
THAT'S THE FICOX PROMISE.

FICOX
POWER AND INFRASTRUCTURE FIRM

SAFETY ASSURED
COMPLIANCE ASSURED
QUALITY ASSURED

SUSTAINABLE SOLUTIONS
ENERGY EFFICIENT
FUTURE READY

BUILT ON TRUST.
DELIVERED WITH
EXCELLENCE.

★★★ YOUR PROJECT. OUR COMMAND. COMPLETE SUCCESS. ★★★

PAGE 8: DETAILED TECHNICAL SCOPE & ADVANCED GREEN INFRASTRUCTURE

1 COMPREHENSIVE ELECTRICAL ARCHITECTURE & DRAWINGS

Detailed Engineering Blueprints for Error-Free On-Site Execution

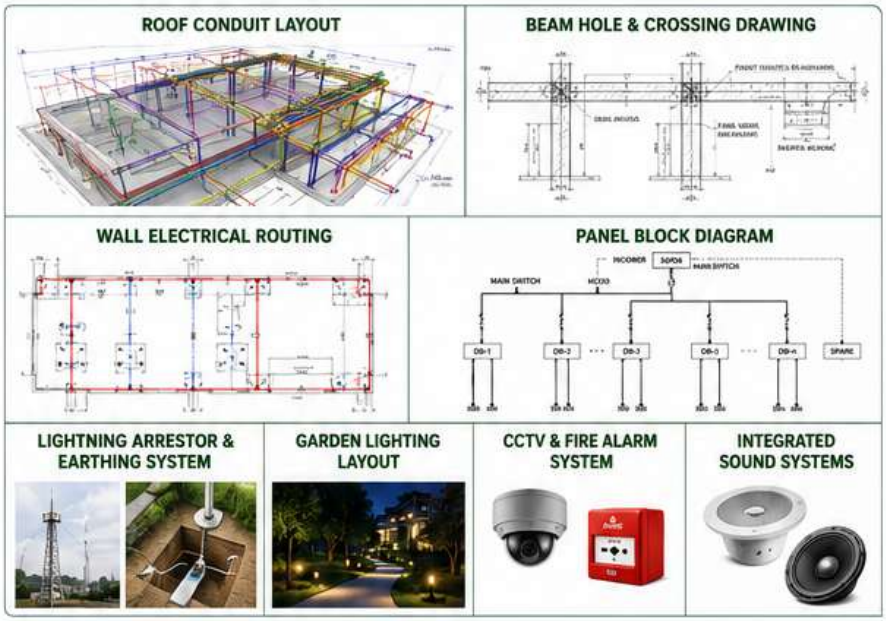

Roof Conduit & Beam Layouts:
Roof Conduit Drawings, Beam Hole & Crossing Drawings for structural safety.

Internal Electrical Architecture:
Wall Electrical Routing Drawings & Functional Wiring Plans.

BoQ & Cost Estimations:
On-site material requirement estimations & Panel Block Diagrams.

Protection Systems:
Dedicated Lightning Arrestors, Garden Lighting Layouts & Comprehensive Earthing Systems.

Low Voltage (LV) Systems:
CCTV Camera Architecture, Fire Alarm Network Drawings & Integrated Sound Systems.

2 NEXT-GEN RENEWABLE & GREEN ENERGY OPERATING SYSTEMS

Day & Night Renewable Operating Systems:
24/7 Green Energy production and smart source-shifting function.

E-Mobility Infrastructure:
Dedicated Electric Vehicle (EV) Charging Station design and load allocation.

Multi-Energy Micro-Grid Integration:

- Day Solar Power & Night Battery/Solar Storage Integration.
- Micro-AI Based Wind Turbines for localized energy harvesting.
- Solar Tiles & Future-Ready Infrastructure (Preparing for Solar Paint - Approx. 2032 Commercial Vision).

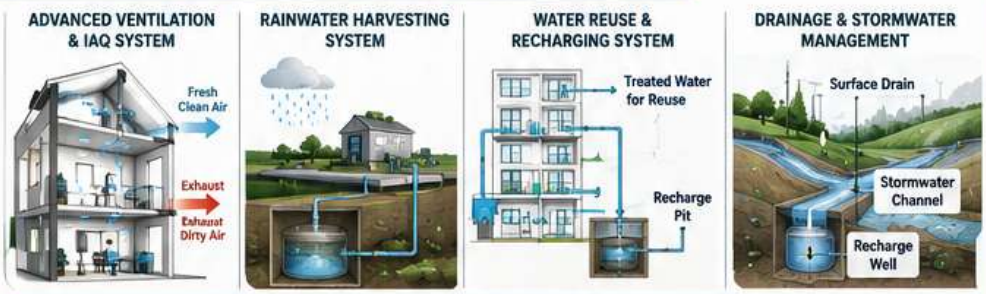

3 SUSTAINABLE GREEN BUILDING & ENVIRONMENTAL ARCHITECTURE

Indoor Air Quality (IAQ):
Dirty Air Removal & Advanced Ventilation Systems.

Integrated Water Resource Management:

- Rainwater Harvesting Systems & Water Reuse Systems.
- Specialized Water Earth-Filling & Recharging Systems.
- Advanced Drainage & Stormwater Management Network.

Green Building Automation:
Microcontroller/AI-driven energy management for zero-carbon building operations.

AI-DRIVEN GREEN BUILDING AUTOMATION

ENERGY MONITORING | SMART CONTROL | LOAD OPTIMIZATION | CARBON FOOTPRINT REDUCTION | ZERO CARBON BUILDING OPERATIONS

ENGINEERING TODAY FOR A SUSTAINABLE TOMORROW

SAFETY FIRST | ENERGY EFFICIENT | ENVIRONMENT PROTECT | SMART TECHNOLOGY | GREEN FUTURE

PAGE 9:

ACADEMIC & CORPORATE TRAINING PROGRAMS

BRIDGING THE INDUSTRY-ACADEMIA GAP

Industrial & Technical Training Programs for Universities, Colleges & Corporate Engineers

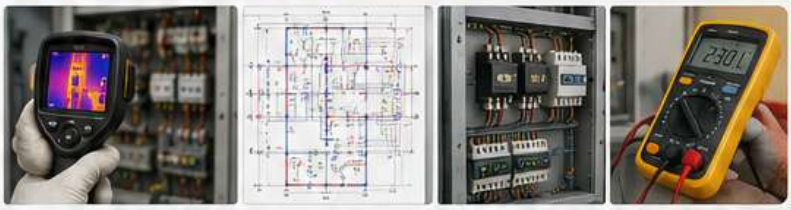

Modern engineering and infrastructure demands hands-on practical mastery that goes beyond traditional classroom textbooks. Ficox Power and Infrastructure Firm offers specialized, research-backed training modules designed to transform engineering students and working professionals into industry-ready experts.

KEY TRAINING MODULES OFFERED

1 Practical Electrical Safety, Drawings & Energy Auditing

Hands-on thermal imaging, power quality analysis, electrical drawing reading (Conduit/Panel/Earthing), and IS/IEEE safety codes.

2 Fire & Industrial Risk Management Protocols

Industrial hazard identification, emergency evacuation planning, and fire suppression system audits.

3 Green Building Design & Environmental Law (ESG Compliance)

Practical application of sustainable architecture, rainwater harvesting, AI micro-grids, and statutory environmental law filings.

4 Applied Vedic Spatial Science & Interior Engineering

Scientific integration of Vastu principles with modern structural layouts and interior ergonomics.

COLLABORATION MODELS FOR EDUCATIONAL INSTITUTIONS

Institutional MOUs & Knowledge Partnerships

Long-term academic tie-ups for syllabus enhancement and faculty development.

Certified Student Workshops & Bootcamps

Intensive practical certification programs (3-Day to 1-Week).

On-Site Industrial Internship Support

Real-time site exposure during live auditing and consulting projects.

Research & Thesis Guidance

Expert Ph.D.-level mentoring for Master's and Doctoral research scholars.

EMPOWERING MINDS. BUILDING CAREERS. SHAPING A SUSTAINABLE FUTURE.

PRACTICAL LEARNING | INDUSTRY EXPOSURE | RESEARCH ORIENTED | FUTURE READY
